

Colorado Lagoon Earth Day

Celebration

Join Friends of Colorado Lagoon's
4th Annual Earth Day Event!

Thursday April 22nd

2pm-Sunset (7:30pm):
Earth Day Salt Marsh Restoration

Come spend your Earth Day with FOCL naturalists at our East Bank Restoration site and help install drought tolerant California native plants at the Lagoon. This is our last planting for the season!
We will also be caring for the over 2,000 native plants that have been planted by the community since October.

The best place to be for sunset on Earth Day!!

Friday April 23rd

7pm- 9pm: Earth Day Mixer
Presentations &
Picture Show

Local experts will speak on topics such as the history of FOCL and natural history of local wetlands and wildlands.

Events are Free and Held at the Colorado Lagoon Wetland And Marine Science Education Center...
This is a water bottle and styrofoam free event!!
